Sam Johnson : THUMBS: Hitchhiking Home before purchasing it in order to gage whether or not it would be worth my time, and all praised THUMBS: Hitchhiking Home:

2 of 2 people found the following review helpful. And as I read this book I felt like I was going right along with himBy MNgolgalDavid Jacks was on a journey, in 1960, to make it back to his hometown in Texas by hitchhiking. And as I read this book I felt like I was going right along with him. As each character was introduced I easily got the vision of them and their environment...the transition from one experience to the next seemed seamless and before I knew it there were more miles and another adventure! There were a few twists and turns I wasn't expecting, and that made it like a real adventure.Sam Johnson has a great way of telling a story and it seemed appropriate that I was reading about heading to Texas as I was flying over Texas on my way to a few days of vacation. Although, my favorite part of the story might be Las Vegas! If you want to go on a journey from Portland to Dallas with a few bucks in your pocket and a desire to get home, pick up this book! I look forward to reading it again.0 of 0 people found the following review helpful. A great read. Sam has assembled a quirky but very ...By hank owner-dogA great read. Sam has assembled a quirky but very interesting cast of characters for his leaf-David- to interact with. while I had some interesting rides back in my hitchhiking days none compared with Wild Adventures in this book. download this one now and I'll bet you read it more than once0 of 0 people found the following review helpful. A Great ReadBy Gene AllenI really enjoyed Thumbs and read it in a couple of sittings. Having known the Author for several years itMade it even better because I know his personality.

A coming of age story that takes place on a 2,700 mile hitchhiking journey from Portland, Oregon to Dallas, Texas. It's also about the people who are willing to give a stranger a free ride. Growing up is easy. Hitchhiking is hard.
